# Introduction

**With the vast majority of higher education institutions seeking to optimize faculty resources and struggling to find high-quality teaching staff, SaigolEd provides a wonderful solution to save AED hundreds of thousands, dramatically increase quality of teaching staff and widen your institution's range of subjects.**

We provide the best teaching staff from around the world. Imagine a Finance professor from Cambridge, a Psychology lecturer from Harvard, or an AI innovator from Silicon Valley—all teaching your students online.

- 1) Save AED hundreds of thousands.** Our online teaching staff rates are unbeatable
- 2) Dramatically increase teaching staff quality.** Our rigorously selected online teaching staff are far more experienced than the average (10+ years and background checks)
- 3) Increase teaching staff relevance to all courses (Undergraduate and Postgraduate).** We ensure our online teaching staff are hand-picked as per your course needs
- 4) Offer core subjects and many more.** All subjects and easy course expansion

# About Us

SaigolEd has a first class team with backgrounds from Cambridge, Harvard, Google and Microsoft.

SaigolEd has leading US Private Equity investors focused on success for participating institutions.

We have deep online teaching staff networks and specialise in providing reliable, highly experienced online teaching staff to universities and colleges across the UAE and wider GCC region. Our commitment to quality ensures that universities and colleges receive top-notch educators who bring expertise, professionalism and a passion for teaching.

# Our Rigorous Teaching Staff Selection Process.

**Only the most qualified (at least 10 years of expertise) are selected to join.  
We only take 1 in 20 of the teaching staff we interview.**

We have a rigorous teaching staff selection and vetting process across all courses (Undergraduate and Postgraduate)

- 1) 10+ years teaching expertise
- 2) Full background checks
- 3) Interactivity skills
- 4) Teaching methods and engaging content
- 5) Online teaching tools
- 6) Curriculum expertise: Undergraduate and Postgraduate
- 7) 4 rounds of interviews
- 8) Further in-house training

We pride ourselves on matching the right online teaching staff to each college and university's specific requirements, ensuring a perfect fit.

# Subjects

**Supplement your core subjects and add more subjects to excite students.  
Undergraduate and Postgraduate courses.**

Our teaching staff cover **all courses** including AI, Engineering, Business, Computer Science, Data Analytics, Medicine, Law, Architecture, Finance and Humanities. **We offer any subject or course you wish.**

# How We Work With You (Quality)

Trust us to deliver exceptional quality and raise standards.

**Fit:** Choose exactly the right teaching staff for the course or module needed. Experts in each specific area needed.

**Assessments:** As part of our commitment to academic excellence, we offer pre and post assessments.

**Recorded classes:** These provide you with valuable insights for monitoring, continuous improvement and safeguarding.

**Tech:** We use your technology so there is no need for you to make any AED investment at all. Our technology platform is designed to ensure seamless placements, streamlining the process for you. We utilize all platforms incl. Zoom, Google Meet and Microsoft Teams to provide interactive online lectures and supervisions.

**Dedicated support:** We are highly responsive, addressing any concerns or queries promptly. Furthermore, our experts monitor classes and provide valuable feedback so fostering continuous improvement.
